While most people in high school live for the day that they will graduate, at sometime in our life we realize that high school was the best time of our life. For some of us, this becomes a reality as our senior year ends. For the first time we realize how much Caprock and our friends mean to us. For the first time we look at life seriously and talk to our friends of feelings and love. These are the times when we are close to each other. These are the times we'll never forget.

Journalism Staffs Work Overtime

The newspaper and yearbook staffs work extra hard all year long to make possible the *Tumbleweed Times* and *La Saga* for Caprock students to enjoy.

Time is spent during and often after school into the late evening on these so that they may reach the students at the scheduled time.

First year journalism students learn about publications and think about being a part of the staffs next year.

The newspaper is issued 12 times throughout the year. The yearbook contains 208 pages full of exciting school events.

We Finally Made It!

WE FINALLY MADE IT! That is the phrase written on the faces of all the 1980 graduates. This is the last year of a simple life full of fun and games, and the beginning of a mature way of life. We are now ready to face all the responsibilities and problems, but also the freedom and benefits of the adult world. We say goodbye, now being proud of being a Longhorn and a part of the people that made Caprock a great school in 1979-'80.

Leading the senior class as officers were: Tommy Ortega, president; Diana Long, treasurer; Esther Flores, secretary; and Winford Hodge, vice-president.

Custodians and Cafeteria Workers Help Out

Our custodians start early in the morning and stay late at night to make our surroundings much more pleasant. They work very hard to make Caprock the school that we are all very proud of.

Each cafeteria worker comes in the morning to prepare the students and teachers with breakfast and lunch.

Library, Nurse, and Study Hall Provide Useful Services

Maurine Strickland and Jackie Taylor are in charge of the library. They try to interest students in using the many facilities that are available.

Opal Sims serves as Caprock's nurse and Bonnie Rogers assists her as her aide. Rogers comes on every Thursday while Sims goes to another school.

Study hall is a period given to those who do not have a class to go to. It is there for students to study or catch up on some homework. Study hall is under the direction of Cleo Morgan and Aleida Adcox.

Counselors Work With Student Schedules

Caprock's four counselors work hard on schedule planning and straightening all year long.

June Darnell works with student's schedules whose last names begin with the letters A-F. Charles Bacon has students whose last names begin with the letters G-N. Gloria Ramirez has students with the last names beginning with the letters O-Z. Mr. Jon Leasure has students in the vocational program.

These four counselors must keep up with the count of students in each class. They are also in charge of registering students and giving them schedules.

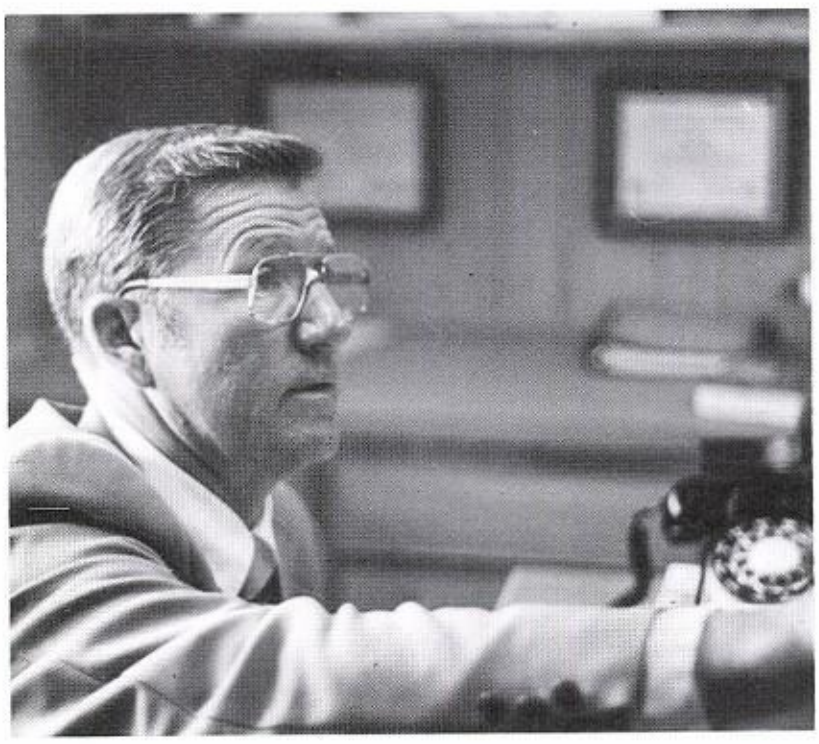
Administration Keeps Us in Tune

The administration at Caprock consists of June Legacy, principal; and the three assistant principals: Bob Andrew, Jerry Raines, and David Stults.

These people are here to enforce the rules at Caprock and help students to get the education they need. They take care of students who do not follow rules, and do not conduct themselves in an orderly fashion at school or school sponsored activities.

The sophomores are handled by Raines, the juniors are taken care of by Stults, while the seniors keep Andrew busy.

Our principals not only discipline students, but help students with problems despite doing all their other work. They are usually busy, but are willing to take time out of their schedule to help a student.



Resources Provide Help

The resource program gives academic aid to students who are having problems in the classroom. The classes are set up on a rate so that each student can learn at a pace which is best suited for his or her needs. Mrs. Johnnie Perry, Mrs. Sherry Frazier, and Mrs. Carolyn Walker work with these students on regular basis.

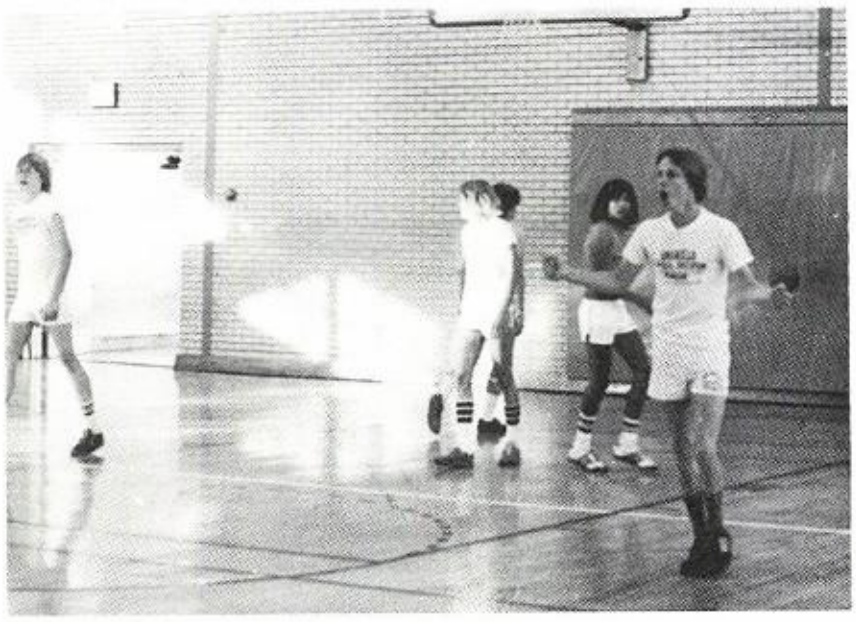
Physical Education Adds Fun to Good Health



How much more is there to physical education than running and exercises?

Some of the programs included in physical education classes are tennis, bowling, archery, softball, flag football, skiing, and many other fun activities. Students are required to have six quarters of physical education. The most important thing about physical education is that students are enjoying building a good health pattern.

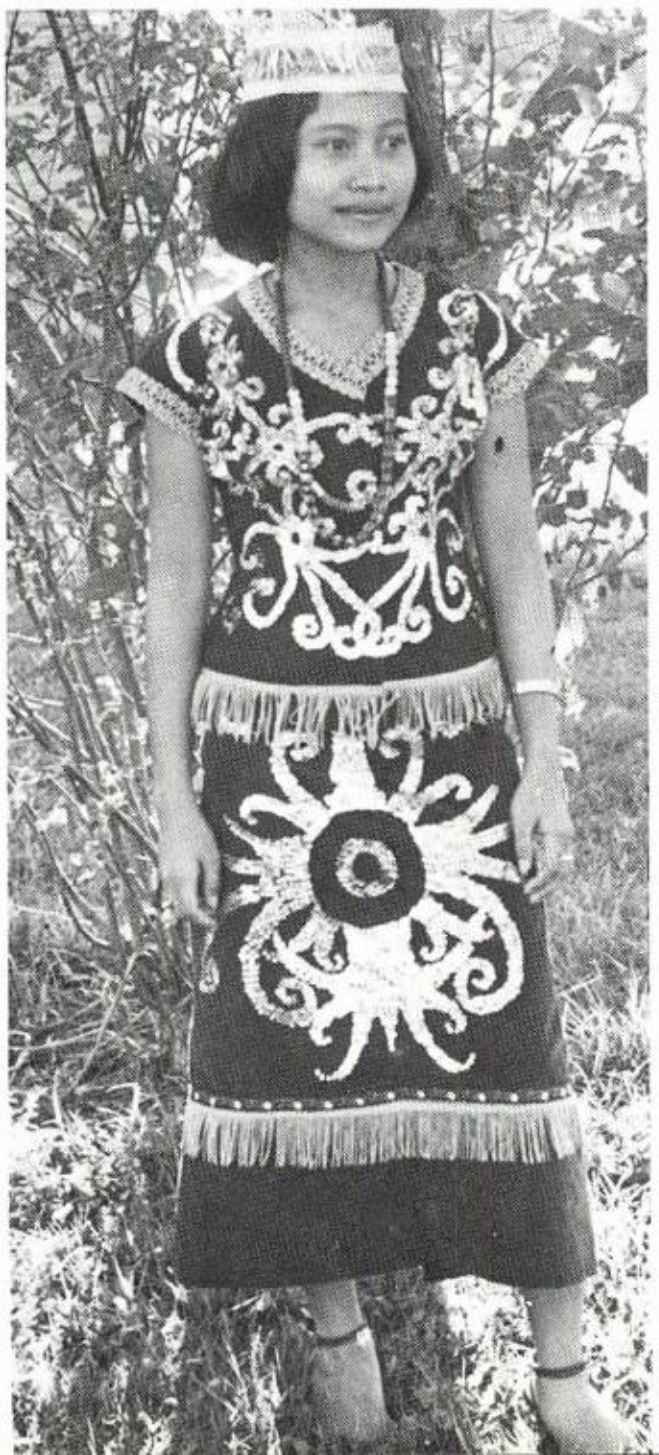
Aas Fattah From Indonesia



Caprock's Foreign Exchange Student

Noor Asni Fattah, more commonly known to Caprock student as Aas, arrived in Amarillo on July 21, from Indonesia.

Aas lived this year with senior Teri DeSpain's family.

One of Aas' more exciting experiences was seeing snow and ice for the first time. She was even known to throw a snowball or two, despite saying she was "allergic to the cold."

Other firsts for Aas included ice skating and seeing snow covered mountains.

Aas' smiling face was seen in a variety of places and as part of a variety of groups. She was a member of National Honor Society, Hi-Tri-Hi-Y, journalism and Student Council.

Her smiling face was often seen at pep rallies, assemblies and sports events.

And who could ever forget her squeal of delight at the Christmas assembly when she discovered cowboy boots, jeans, a vest and a western hat, shirt and belt in the many packages presented by various organizations.

Aas thought Caprock was very friendly and said that she had enjoyed "making so many new friends."

JV Ends With a 9-3 Season

Our JV wrestling team ended their season with a 9-3 record.

There are 12 weight divisions in which the wrestlers compete. In each weight division only two men wrestle and must weigh in before each match begins.

JV wrestlers have gained very valuable experience which they will add to the varsity team next year.

A wrestler's workout is very strenuous. A wrestler's workout usually consists of weight lifting, jumping rope, long distance running and of course, practicing.

The boys wrestled under the direction of Coach Fred Davidson.

Gerken, Stewart Capture City Doubles Crown

The varsity tennis team is striving to improve their consistency and depth. With five seniors and 11 juniors, the team is looking for a successful spring season.

For the fall, the boys team was undefeated. They also placed second in city competition. The number one doubles team, Jeff Gerken and Duane Stewart, were city champions.

The number one girls doubles team consists of Linda Burch and Stacey Sutton.

The co-captains for 1979-80 are Roddy Youree and Linda Burch.

For the fall, the team was assisted by student teacher Jako Garos from WTSU.

Girls End Season Undefeated; a Building Year for the Boys

This is the first year the swimming team has had a roster large enough to compete in all of the events. The girls swim team has done well this year. The girls have won all of their dual meets and usually place their free relay and medley relay in the finals at large invitational meets.

The girls team this year is larger and stronger than the boys team. All of the boys team are first year swimmers, so this had been a building year for them. Coach Bob Link feels that the lack of their success is due to very few students trying out.

Swimming has many different races. They are as follows: 220 yd. medley relay, 200 yd. freestyle, 200 yd. individual medley, 50 yd. freestyle, 1-meter diving, 100 yd. butterfly, 100 yd. freestyle, 500 yd. freestyle, 100 yd. backstroke, 100 yd. breaststroke and the 400 yd. free relay.

Our swim team has many outstanding girls. Mary Wetmore is the team's highest scorer in dual and invitational meets. Wetmore is an outstanding freestyle swimmer and is a good diver. Dinah Elkins is the fastest freestyle swimmer on the team and is a member on the free relay. Phyllis Evans has the record in the individual medley. Cathy Clemens was the team's best distance freestyler, and an excellent butterflyer for a relay. Deanna Nichols was the team's best breaststroker and holds the school record in the 100 yd. breaststroke. Lynne Johnson was the team's best backstroker. Johnson was a member of both relays with school records.

The boys swimmers and divers include: Damon Akins (diving), Hal Pierson (backstroker and freestyle), Kerry Pierce (individual medley, backstroker and distance freestyle), Tony Snider (swan all events), John Elkins (sprint freestyle), and Robert Ralston (100 and 200 yd. freestyle). All of these boys are first year swimmers. All have done well in what they swam and will be stronger next year.

Golfers Strive for Low Score

Golf is different from most sports. Golf has a fall season and a spring season. Both teams practice year round and during the cold winter months they were usually forced to play outside as much as possible.

When someone goes into golf, they are usually taught the fundamentals. They practice hard every day to acquire the skill a golf player needs. The object in golf is to hit a low score.

The boys team played under the supervision of Mr. Don Martz. The girls were under the guidance of Mrs. Marie Deane.

Cross Country Teams Sweat It Out

The girls' cross country team improved timewise but they didn't succeed in overcoming Amarillo High. The girls' goal for this year was to defeat Amarillo High. The girls ran under the first year direction of Cindy Ham and Jammaye Champman.

Unlike the past, the boys' cross country was coached by Don Carper. Last year the boys were coached by John McGuire, but due to the fact that he is the athletic director, the boys are now coached at their own schools.

The UIL rules have changed this year. Last year, to qualify for regionals you had to be in the top ten people or the top three teams. This year, the top five people and top two teams qualified for regionals. Due to this change, the girls narrowly missed sending Kim Gonzales to Regionals. Gonzales placed sixth in district.

Both the girls and boys cross country teams were small again this year. They ran many miles in practice to prepare for the meets. Everyone lived through it, and sometimes it takes guts to keep on going.

The boys finished their season last in district and third in city. The girls finished up third in district and city.

Tracksters Strive for a Strong Team

The girls track team is quite small this year, but is growing larger every day. Each year the team is a little larger.

This year's coaches are new to Caprock and want to build up a strong track team. It will take at least one year for them to build up the team.

Cindy Ham and Jammaye Chapman are the coaches who will be able to build up Caprock's track program. The coaches are enthusiastic and feel they can accomplish a lot this year.

The girls practice outside in cool weather. If the weather is too cold, the girls are usually forced to work out in the weight room. This year, since the weather has been so bad, the girls have been confined to the gyms.

Tracksters Strive for Improvement

The boys track team is a fair size this year. They've been working hard and look to be fast and more enthusiastic about their season.

Their team will be strong with the many returning seniors and juniors. Many of the sophomores will gain valuable experience which they will add to next year's team.

Unlike the girls team, the boys have more than one coach. Richard Eddleman has discus and shot putters. Larry Bahner has the Hurdlers, and the sprint relay. Don Carper generally takes interest in everyone but he usually takes care of the sprinters and the jumps. Rick Berry has all the long distance. The boys' head coach is Don Carper.

Varsity Grabs 3rd in District

Last year the varsity volleyball girls received a last place in district. This year the girls grabbed onto a 3rd in district.

Globe-News chose two of our girls for their team. They are as follows: first team — Deanna Arroyos; second team — Gara Satterfield.

Arroyos made the first team on the Coaches All-District team; Lisa Saavedra made the second team.

They started out their season defeating Borger 15-6, and 15-10.

In the city tournament, they were defeated by Tascosa 7-15, 11-15; Amarillo High 5-15, and 5-15. The girls defeated Palo Duro 18-14 and 15-11. They turned around and defeated Tascosa 12-14, 15-5, 15-4.

In the West Texas State Tournament, the girls won all their games except the one against Amarillo High. They were defeated 6-15 and 1-15.

The Abilene Tournament was a good tournament for the girls. They lost to Palo Duro which was their last game in the tournament.

In district the girls earned a 3-5 record. Their overall record is 18-10. The girls had a good season this year under the direction of their coach, Kathleen Green.

Volleyball is a sport in which you must work very hard to improve and do well. The girls have worked very hard and it paid off.

Varsity Faced Another Rough Season

Our varsity boys basketball team faced another rough season this year. The boys were defeated by Canyon 71-60; Borger 82-59; and Coronado 67-63.

In the El Paso Tournament, they placed eighth overall. They were then defeated by Lubbock 52-49. In the Amarillo Invitational they also placed eighth overall. They were defeated by Canyon 75-60 and Hereford 75-63.

In the city tournament, the boys placed third. Plainview was the first team they defeated this year. They defeated them 59-58. They lost the next two games to Lubbock 73-59 and Hereford 55-47. Dumas was defeated next 80-73.

In the first round of district play, varsity lost to Pampa 77-73; Amarillo High 63-55; and Palo Duro 85-63. They defeated Tascosa 56-53.

Since this team has only two seniors, next year's team will return lots of experienced players. Coach Wally Elam will have seven returning lettermen to build with.

Baseball Team Hopes for Nice Weather

Baseball is one of our many Spring sports. Due to bad weather the baseball team has been forced to practice inside a lot. The team is praying for nice days in which to practice in, but they'll practice inside which is the next best thing.

The baseball team has quite a few seniors and juniors returning to this year's team. The team had many first year players and they will gain very valuable experience which they will add to next year's team. Our baseball team should be strong this year. The team is under the guidance of Pat Williams and David Ream.

Varsity Gridders Finish Season at 3-7

Despite preseason predictions of placing second in district standings, varsity gridders finished a disappointing last with losses to all district opponents.

The 3-7 season did have its bright spots. Wins over Odessa Ector, Canyon and Levelland were convincing as the Longhorn defense held each team scoreless. Bobby Short, senior running back, finished the season as the second leading rusher in district 3-AAAA.

Senior running back Mark Carroll was injured in the Pampa game and was lost for two games. His hold on the district scoring title vanished with his injury.

Senior Raymond Boynton, defensive back; junior Leonard Renteria, offensive guard; and Short were first team all-district choices.

Second team selections were seniors Rocky Eckels, offensive guard; Jimmy Hartline, offensive tackle; Greg Mayes, linebacker; and Mike Watson, defensive tackle.

Coaches included Ray Basinger, David Ream, Don Carper, Richard Eddleman, Larry Bahner, Rick Berry, Sam Steen, Pat Williams.

After the Game, the Night Life Begins

Going to the game is a time to meet with your friends to talk about the latest gossip, to find out who is dating whom, or just to have a good time.

But after the final score and the singing of the school song, where does everybody go? For some it is off to see the newest show or to shoot some pool down at the arcade. Somebody can almost always be seen at Harvey's or on Teckla. There is always a group of friends planning to meet at Pizza Planet or Taco Villa.

No matter where you go, there will always be memories of the things that you do and the places you go after the game.

Athletes Sweat It Out

In the early mornings and afternoons the athletes of Caprock practice to make our team the best. As the old saying goes, "Practice makes perfect."

(1)There always has to be a clown in the group. Steve Sena shows off his cheerleader qualities. (2) Gary Odell scoops up a grounder. (3) Basketball team practices hard in the afternoon.
Opposite: (1) Becky Bustos practices her hurdling. (2) Todd Tenorio tries to block Greg Ewing's pass. (3) Track girls running around the too familiar track. (4) Victor Redmon tries for a jump shot.

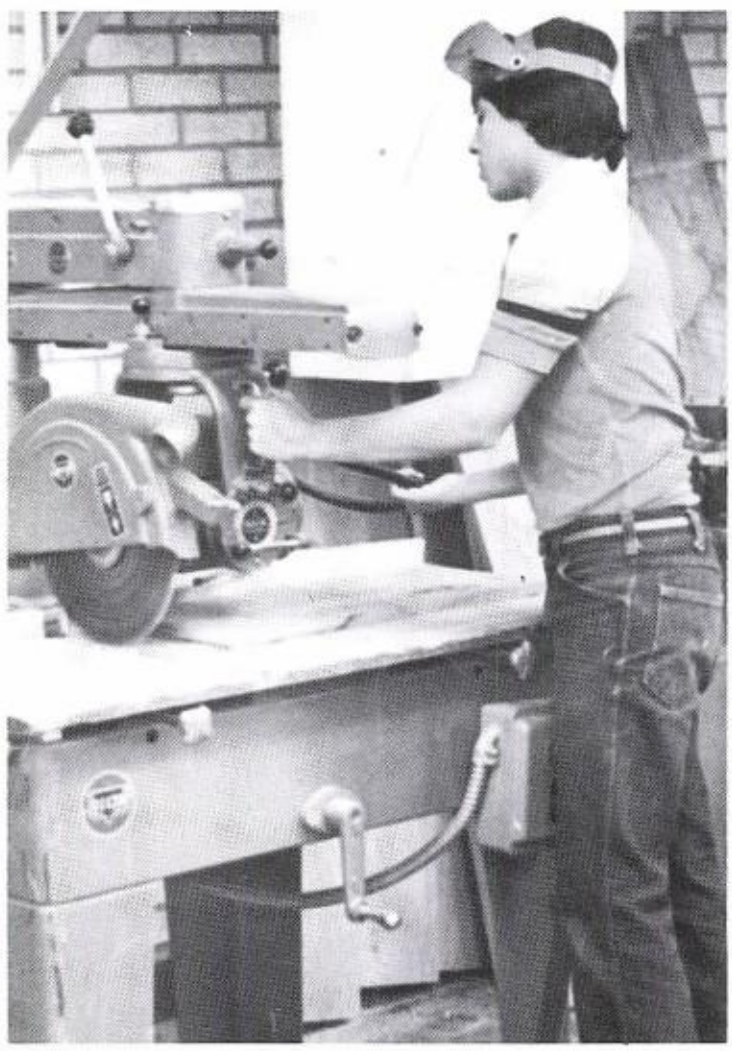
COWBOYS



The Day Wears On . . .

Sometimes it seems like it takes forever for the bell to ring at 3:35. Why do the last classes of the day always seem to be the longest? This is the time of day when just about anybody can be found daydreaming or thinking about what will be going on after school.

If the bell ever does ring, it means just one less day of the week to struggle through. But it also means that it is time to get ready for tomorrow and hope that tomorrow will be better than today.

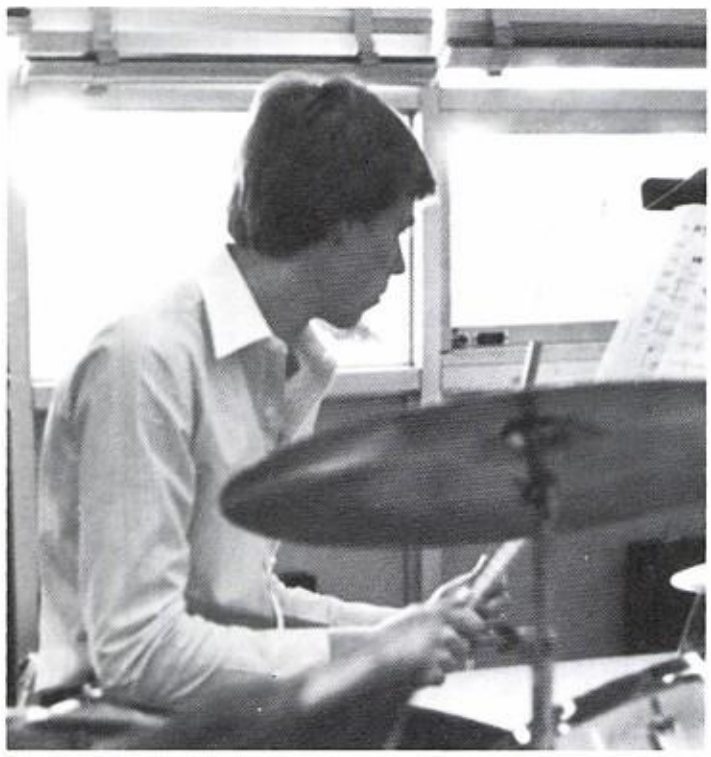
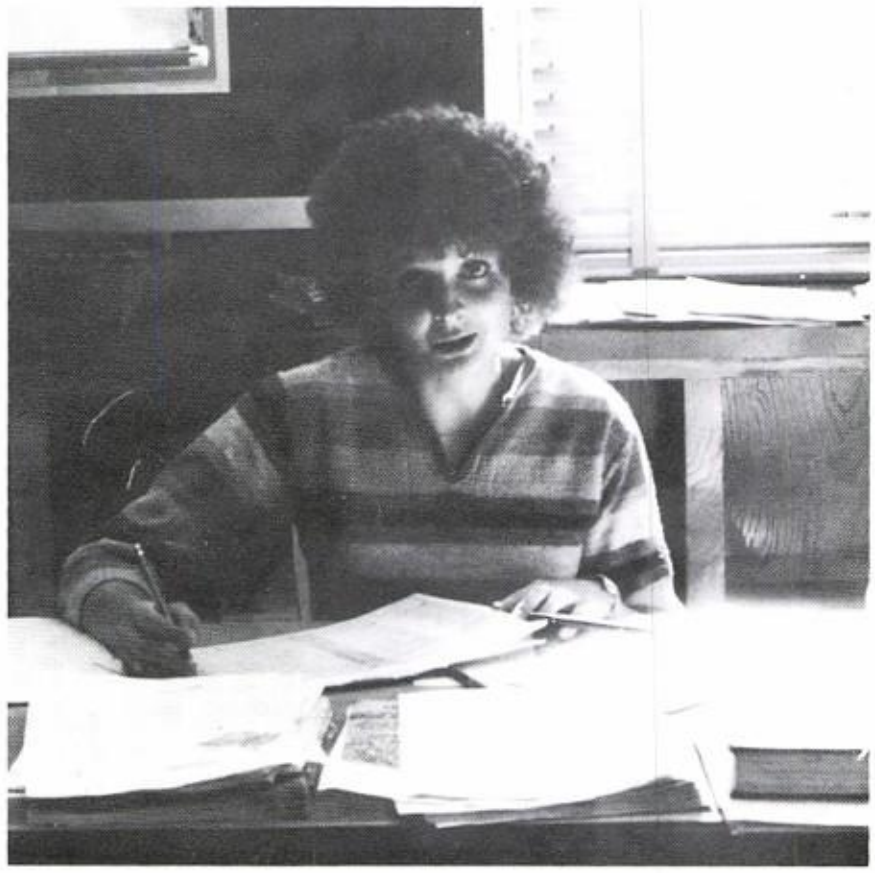
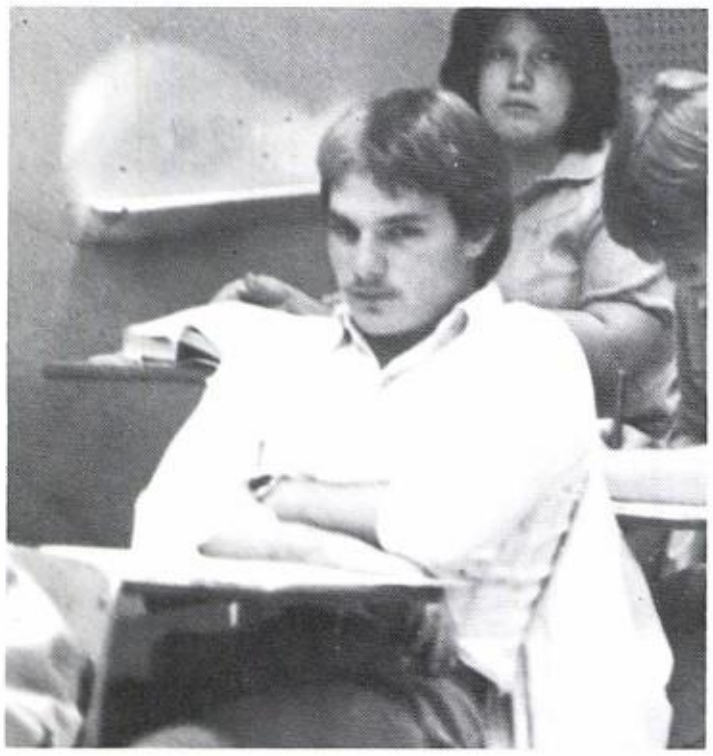
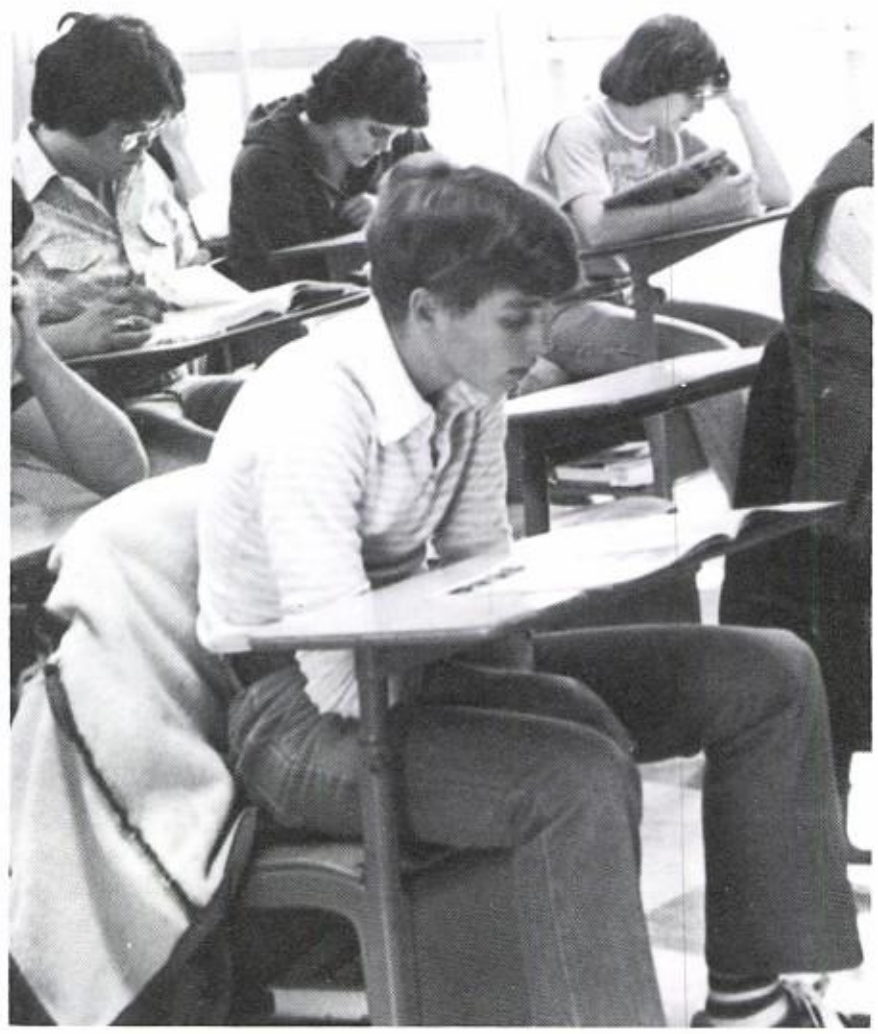
After Lunch, It's Back to the Classes

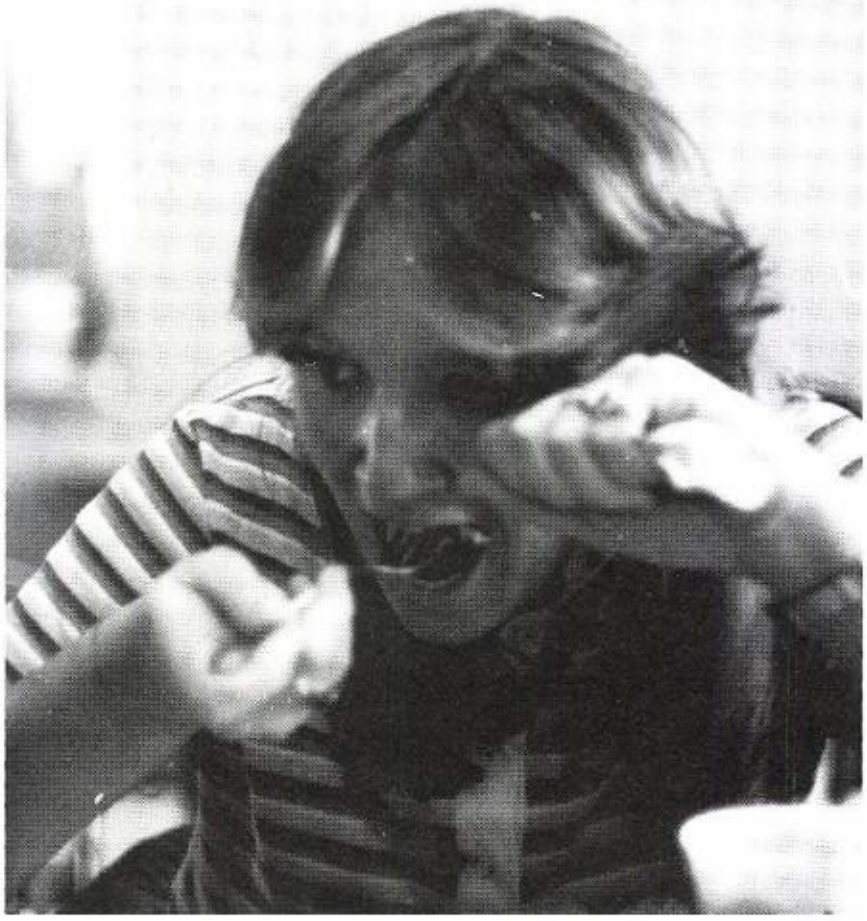
After lunch it's time to return to the classroom and get back to the books. Sometimes it is hard to settle down and concentrate on what's going on in the room. It seems like you just can't get your mind back onto the subject your teacher wants to talk about.









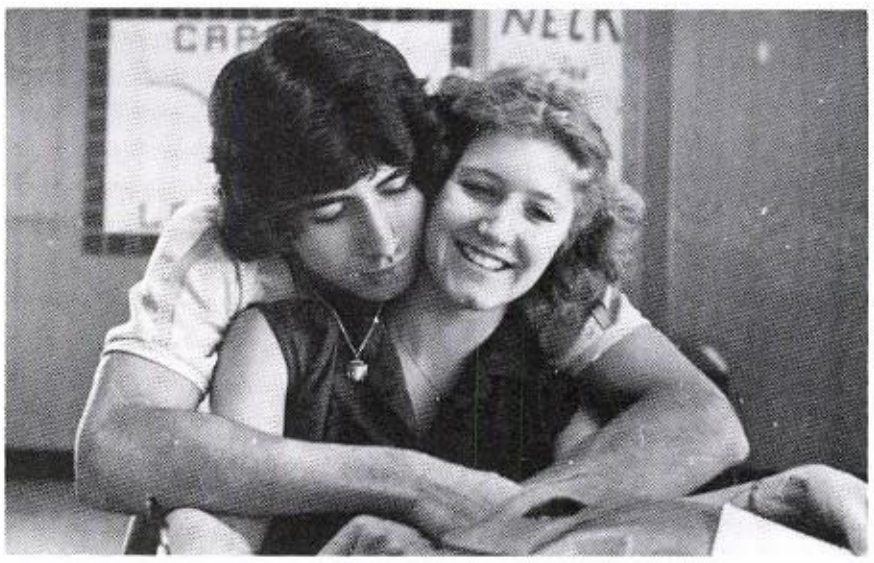


Teresa Dodson enjoys her lunch with a few friends and talks about how her day has gone.

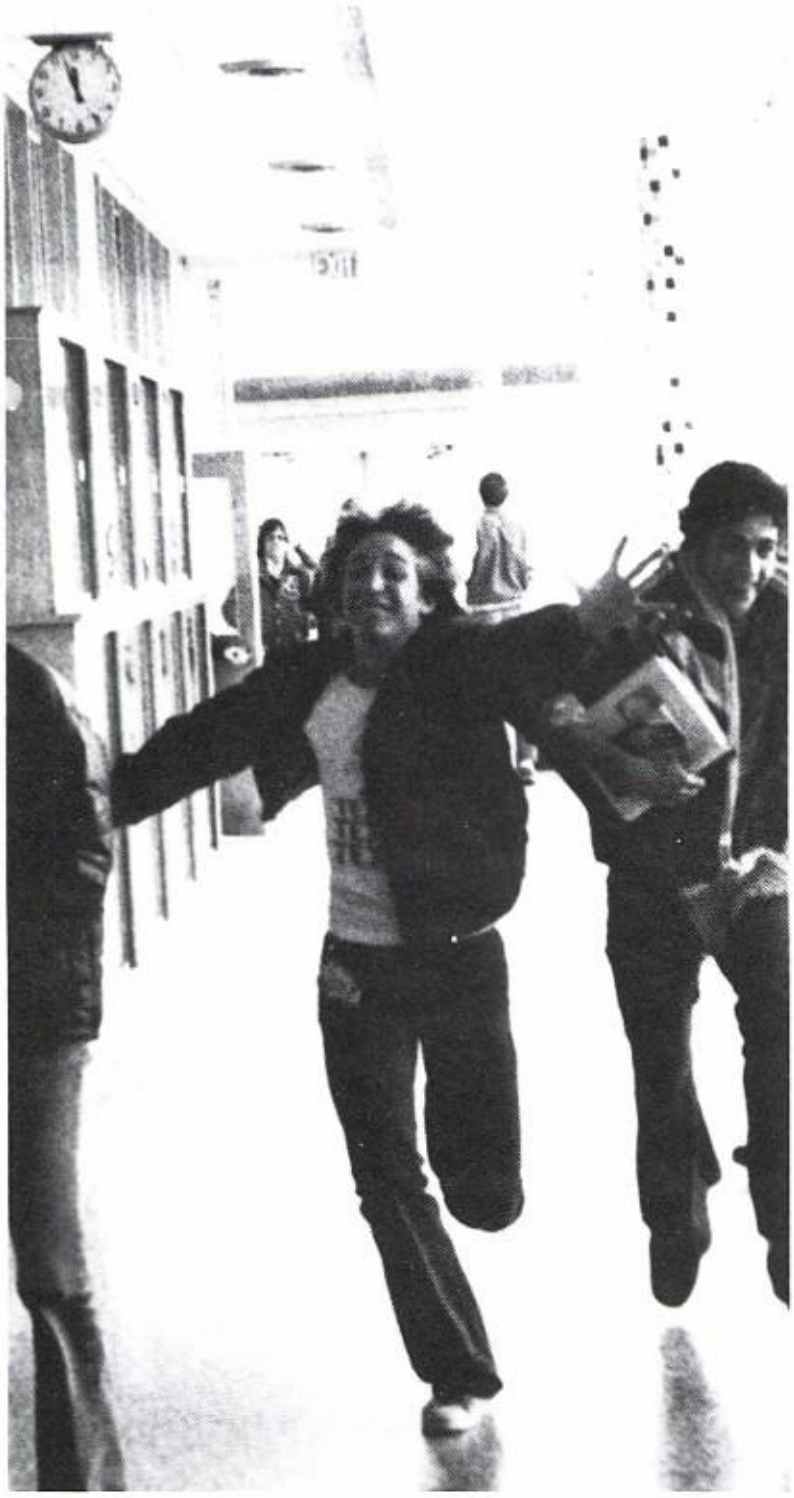
Sheila Ferguson spends some of her time studying, but Mike Cruz distracts her.

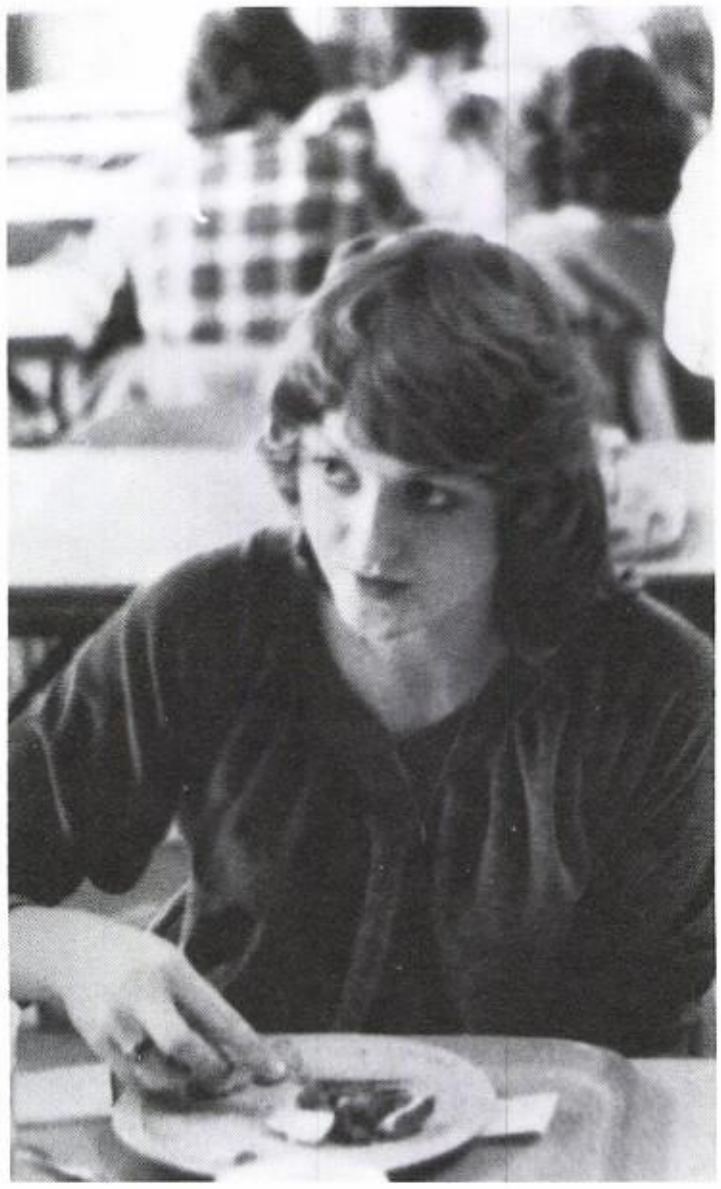
Tommy Ortega looks for an empty chair after he gets his tray of food.

Veronica Fierro finds a cure for her Big Mac attack at McDonald's.



Lunch Rolls Around Just in Time





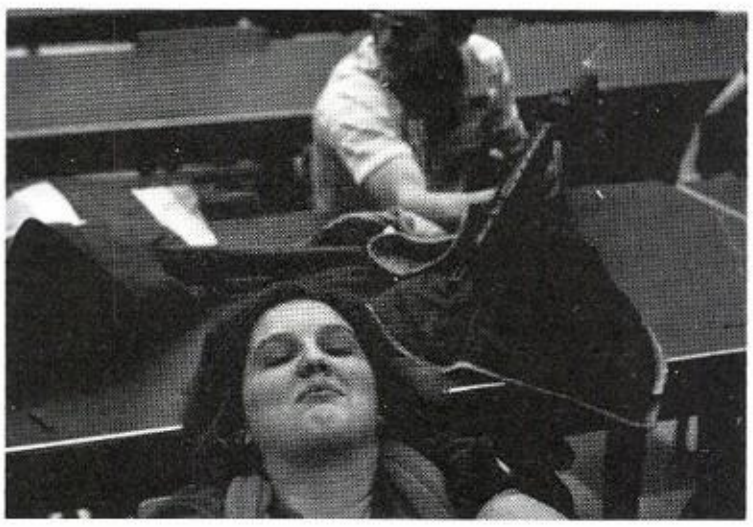
When the clock strikes 12 noon, many people race to be first in line at the cafeteria. Others hurry to their cars for their daily trip home or to a fast food restaurant.

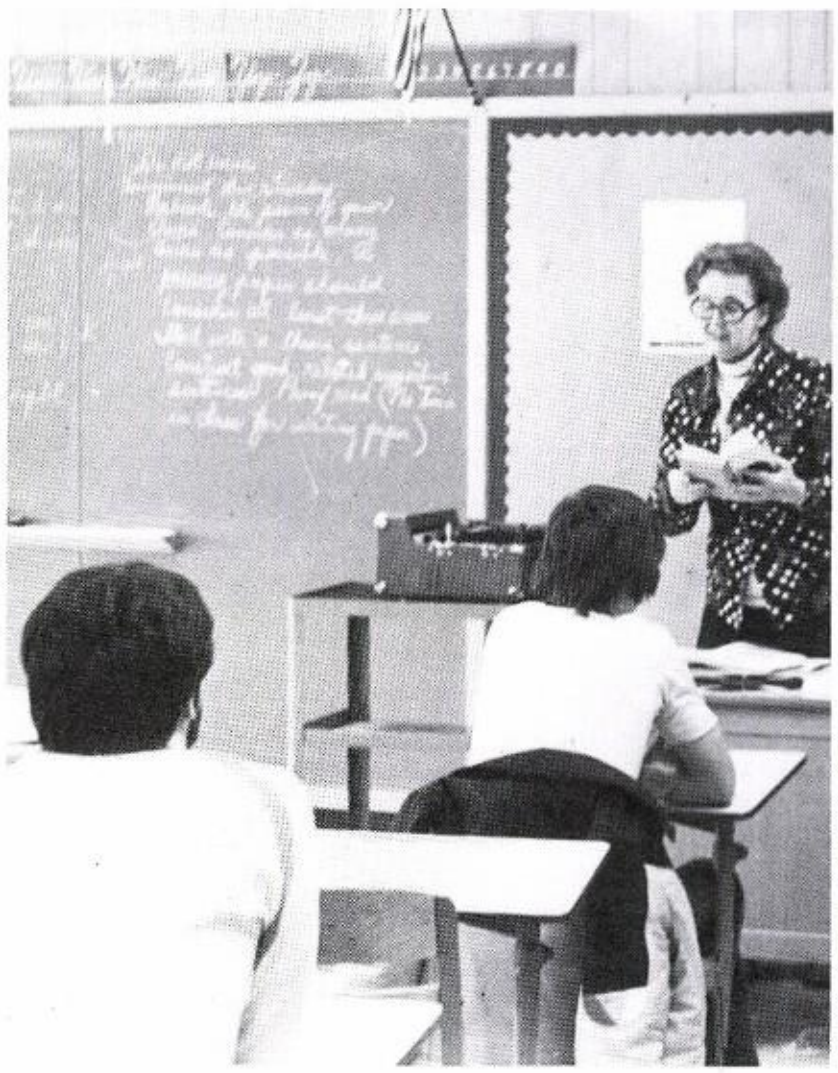
Whichever the case, those people who have first lunch are envied by the rest of the students and teachers.

Scott Brooks races down the hall before the bell to be first in line at the cafeteria.

Rhonda Procter spends part of her lunch break visiting with friends.

Mr. Bob Flanagan enjoys his lunch with his fellow workers.



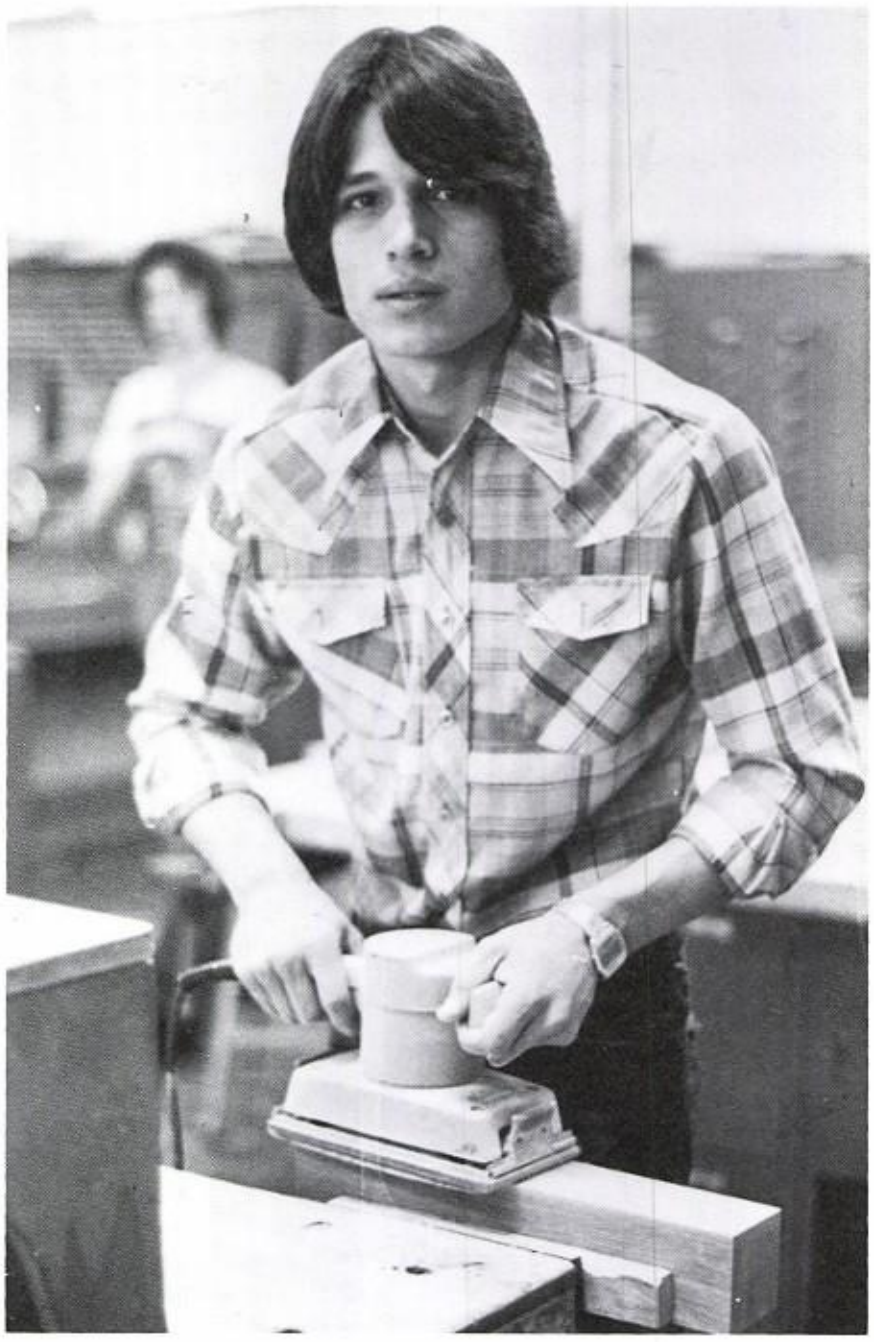


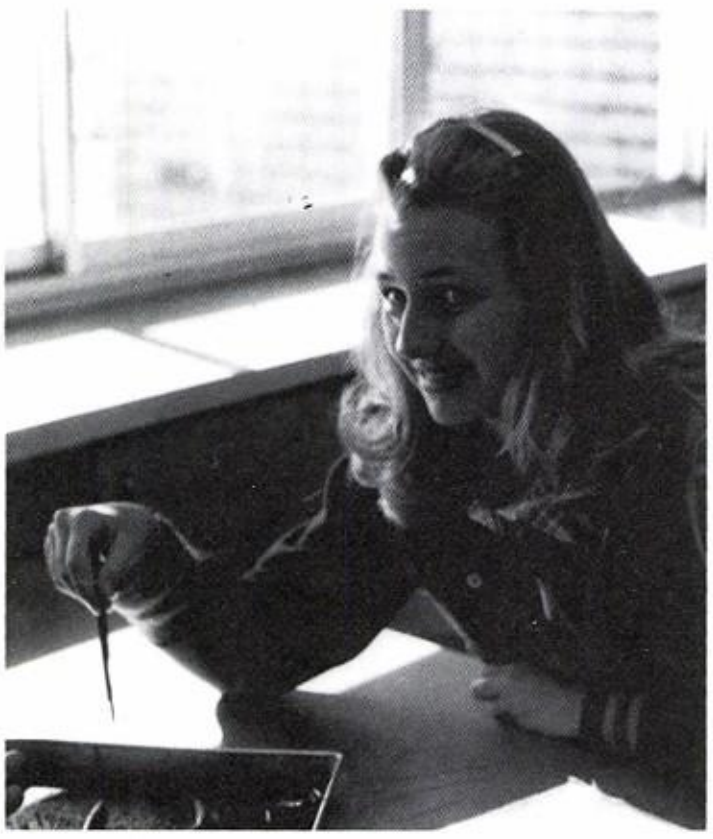
. . . The Classes Begin

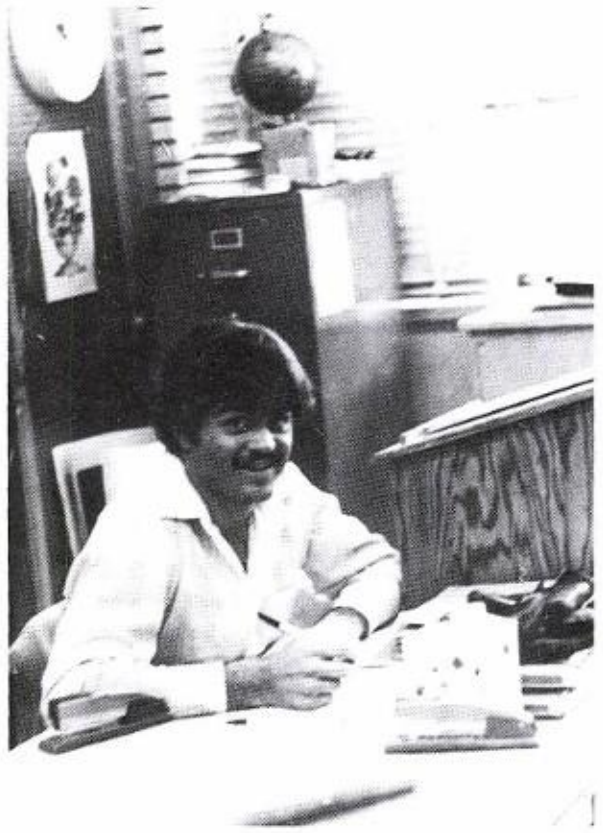
Classes begin promptly at 8:30 a.m. on most days. Subjects range from Chemistry to Economics to English to Woodworking to Auto Mechanics.

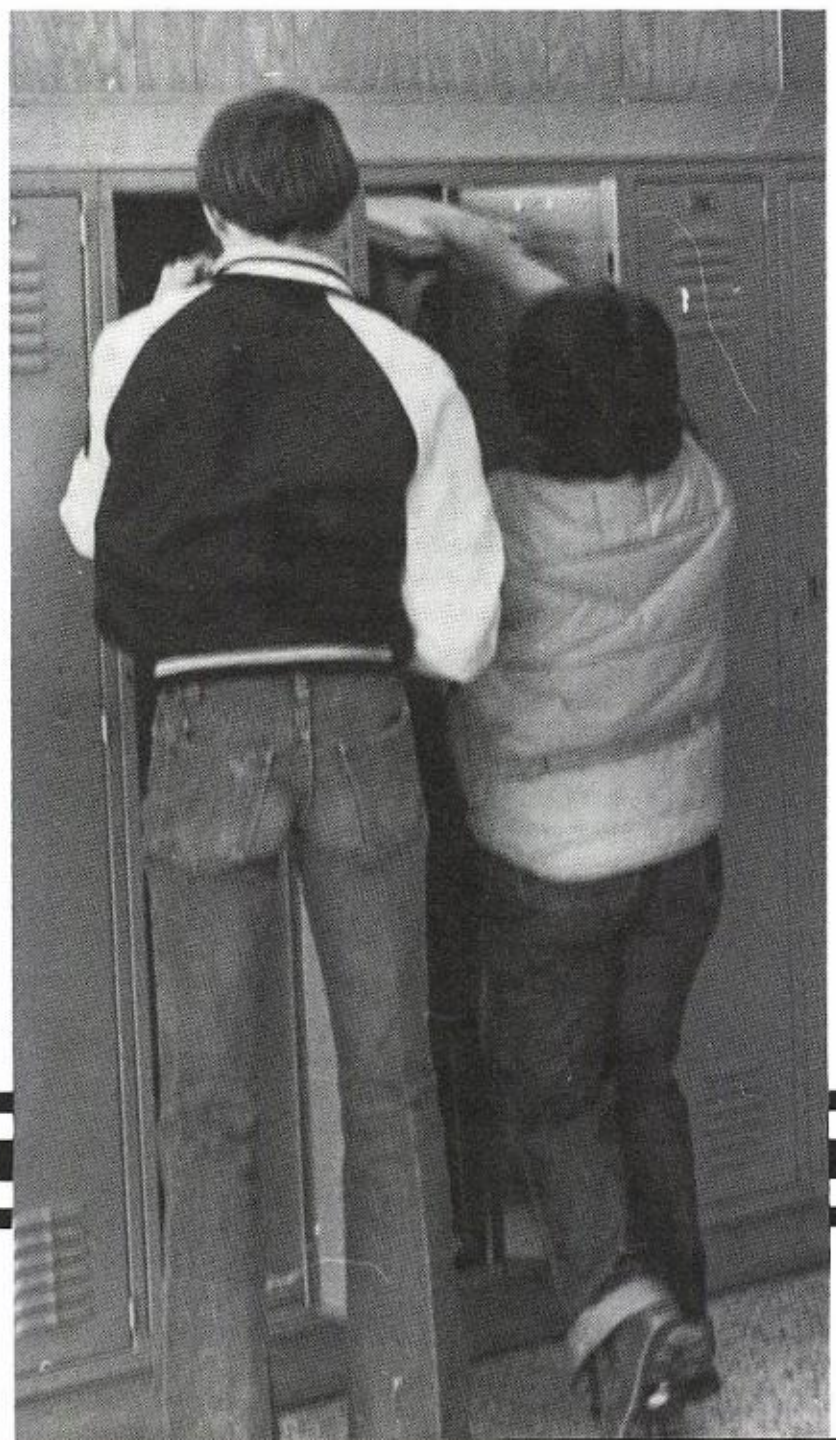
We all come to school to learn and prepare ourselves for the world outside.

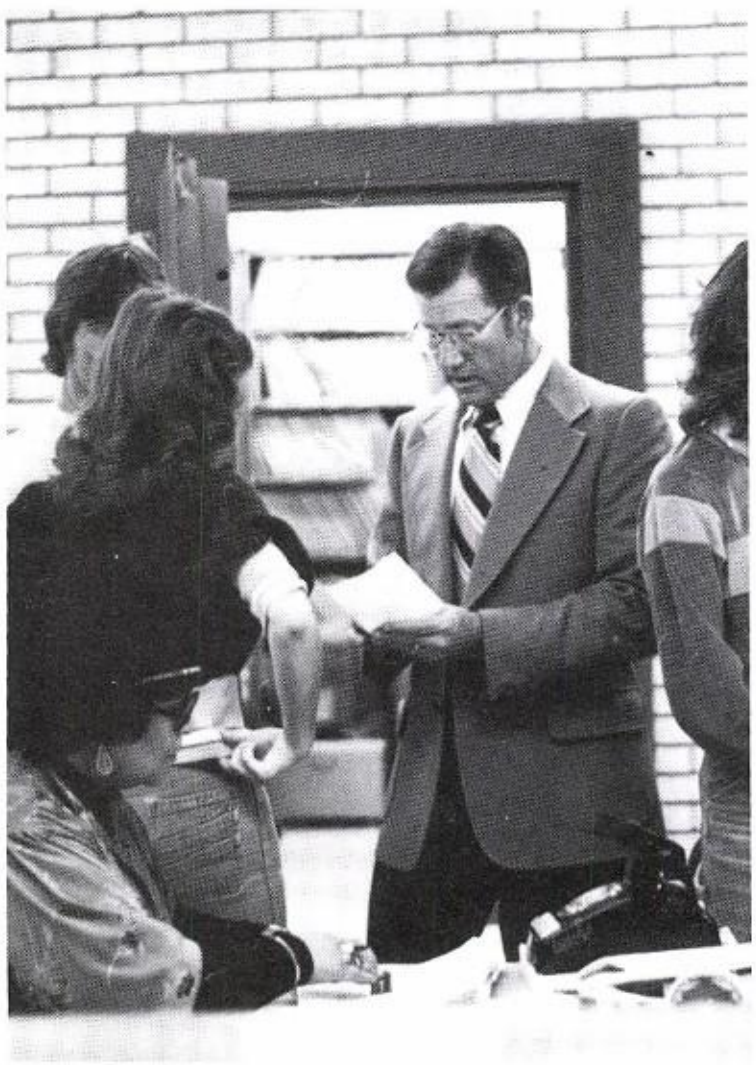
We also come to be with our friends and to make relationships that will stay in our minds and hearts forever.





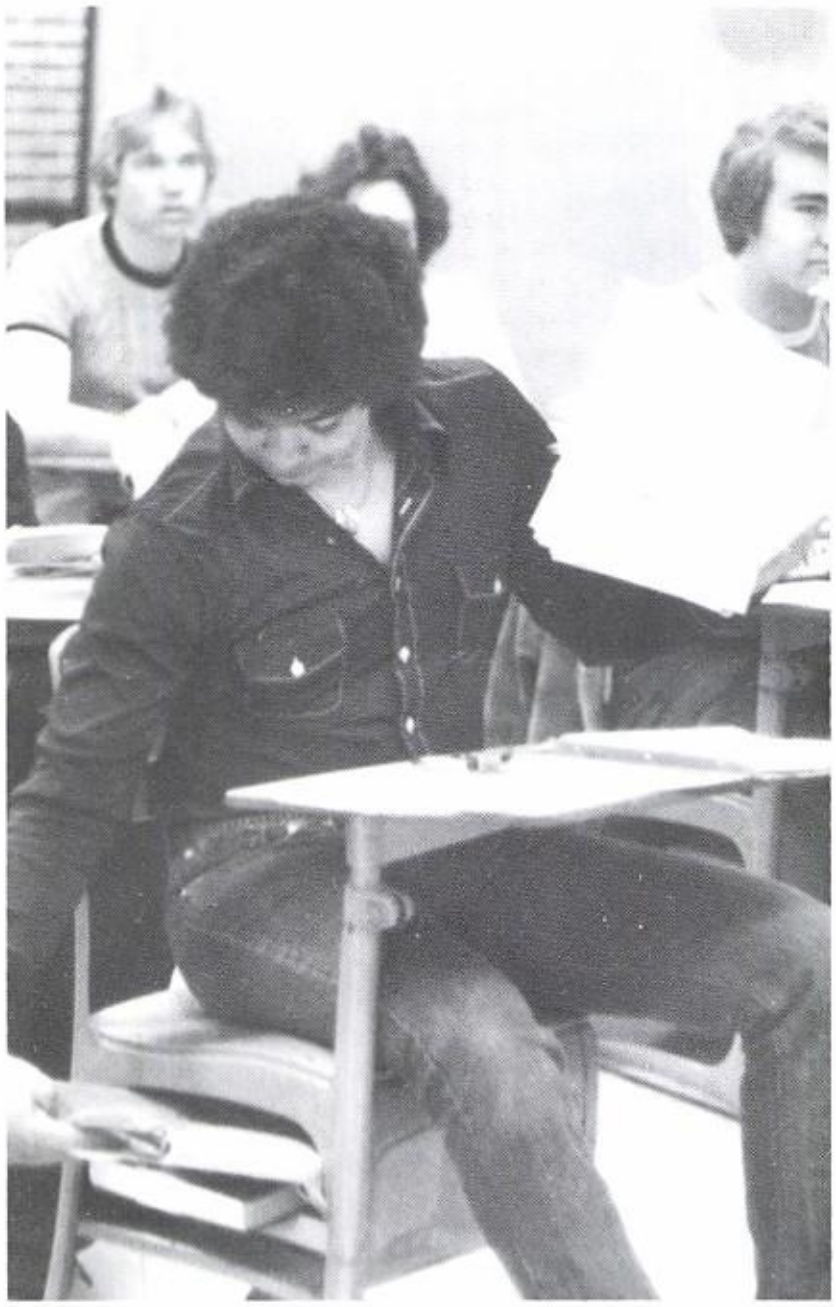


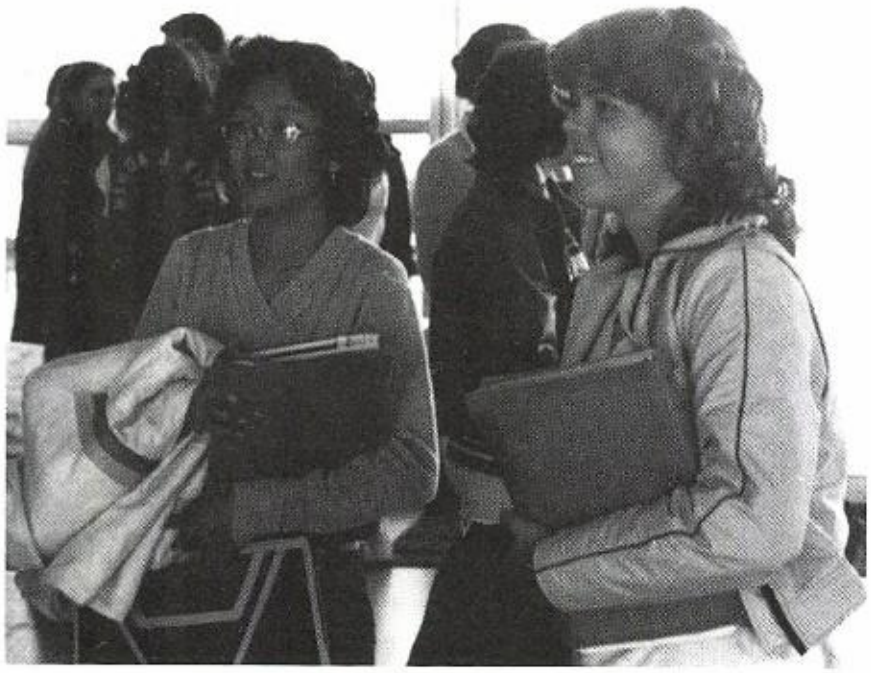


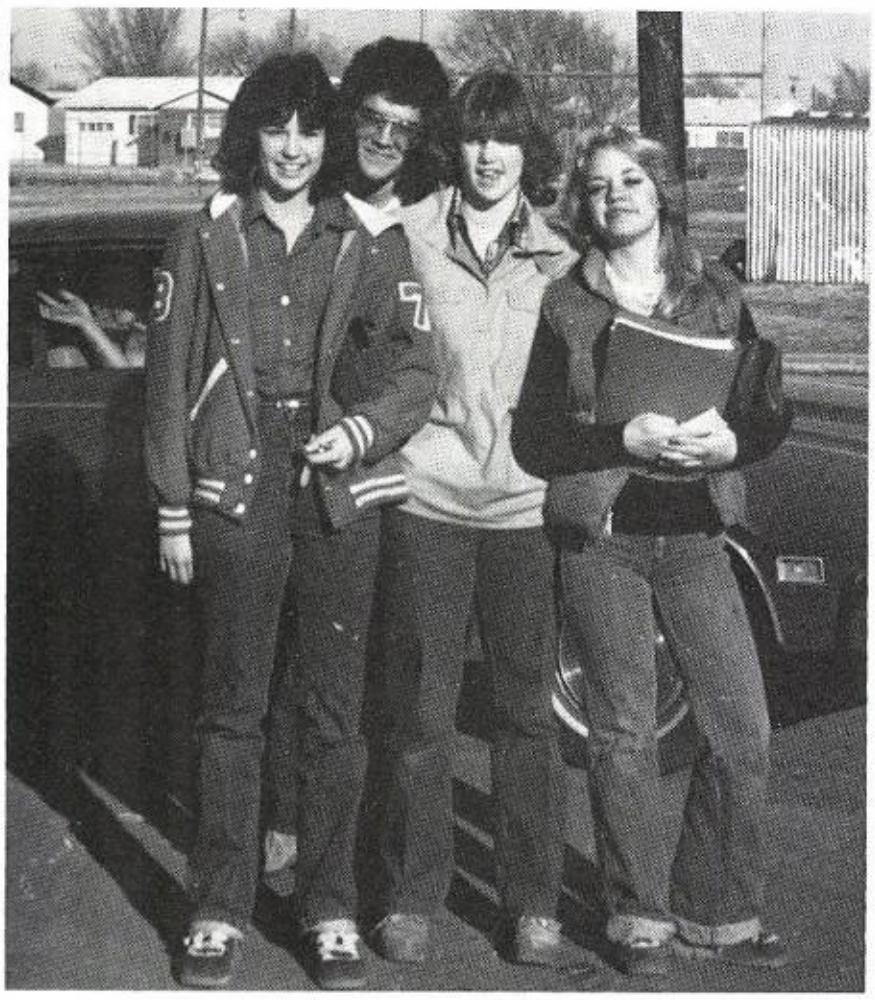


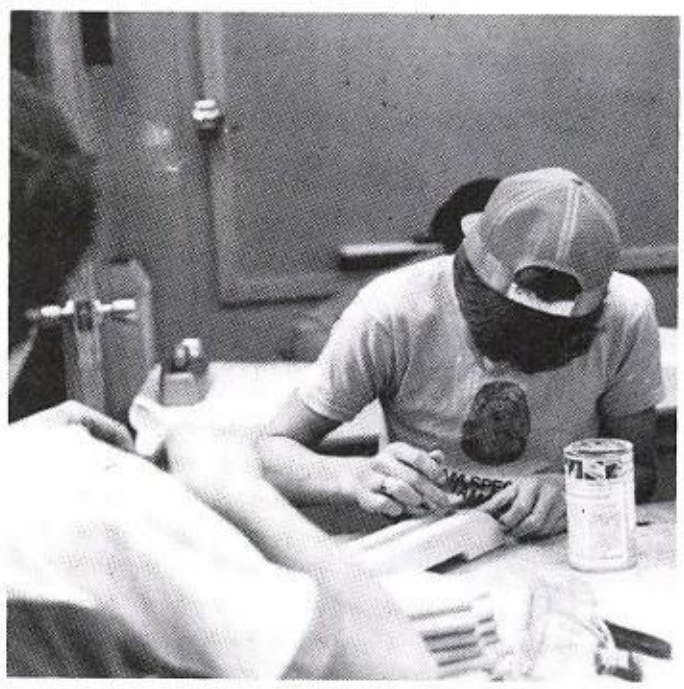
When the Bell Rings . . .

When the 8:25 bell is heard it's time to find your books, say "see ya after class" to your friends, and march into the classroom to start another day of typing, Algebra, history and of course the dreaded English class.





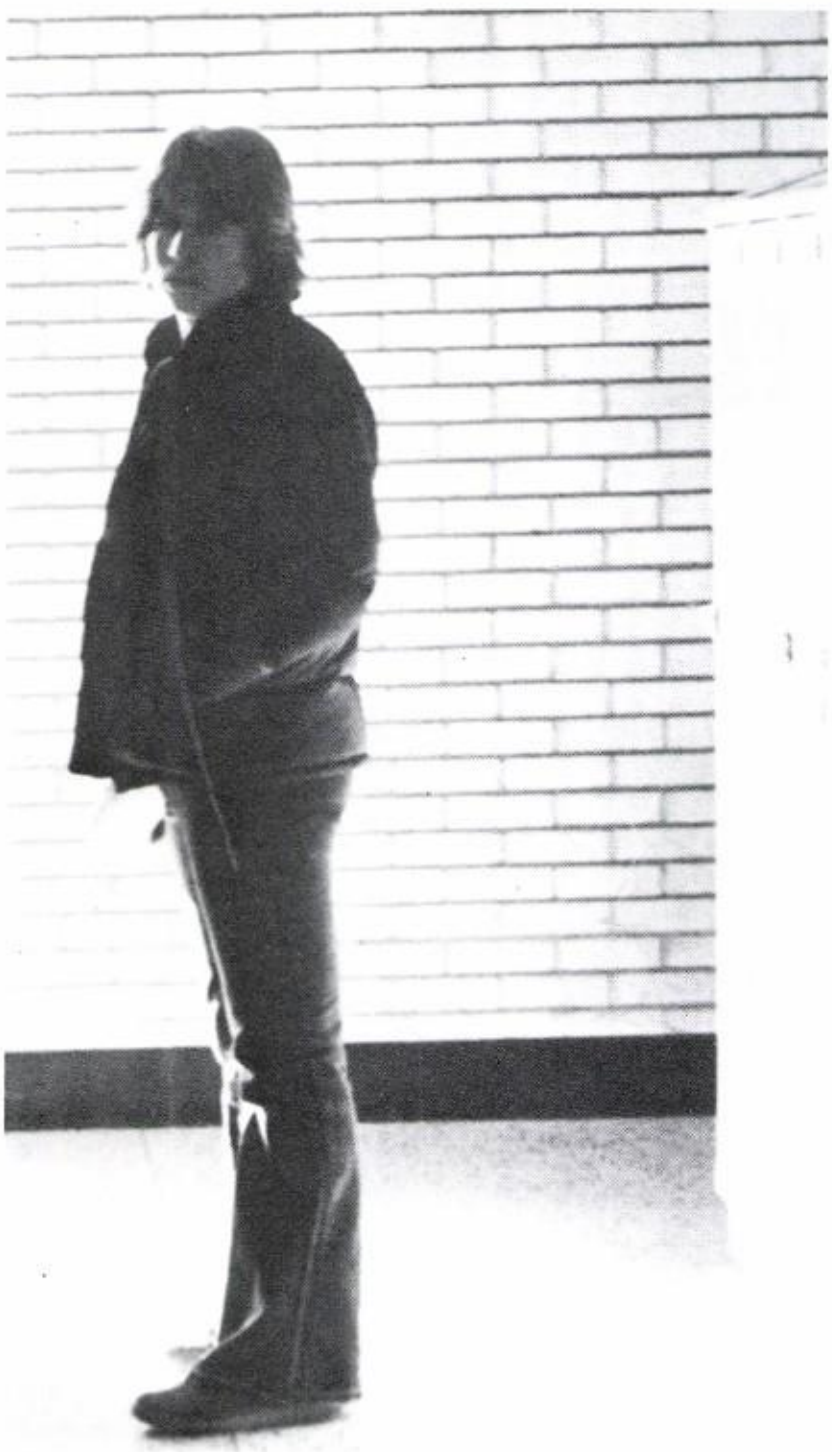


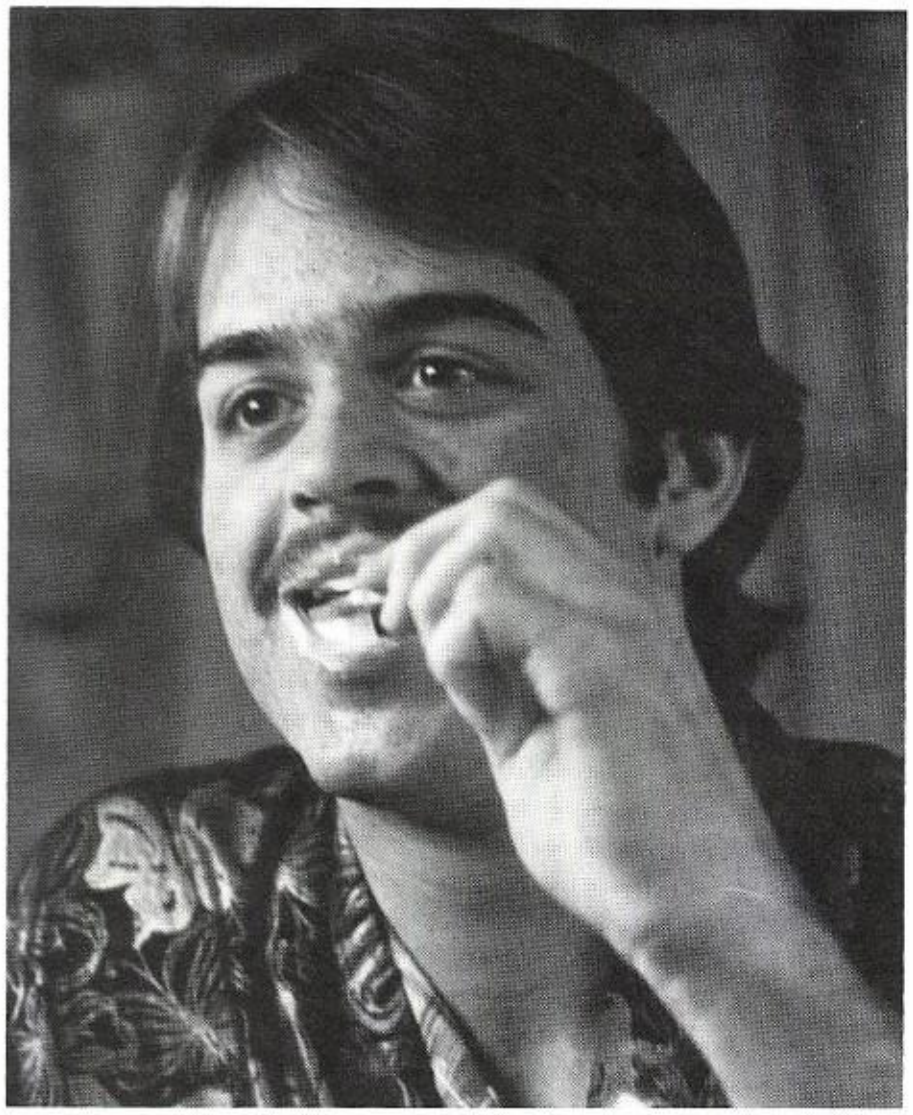


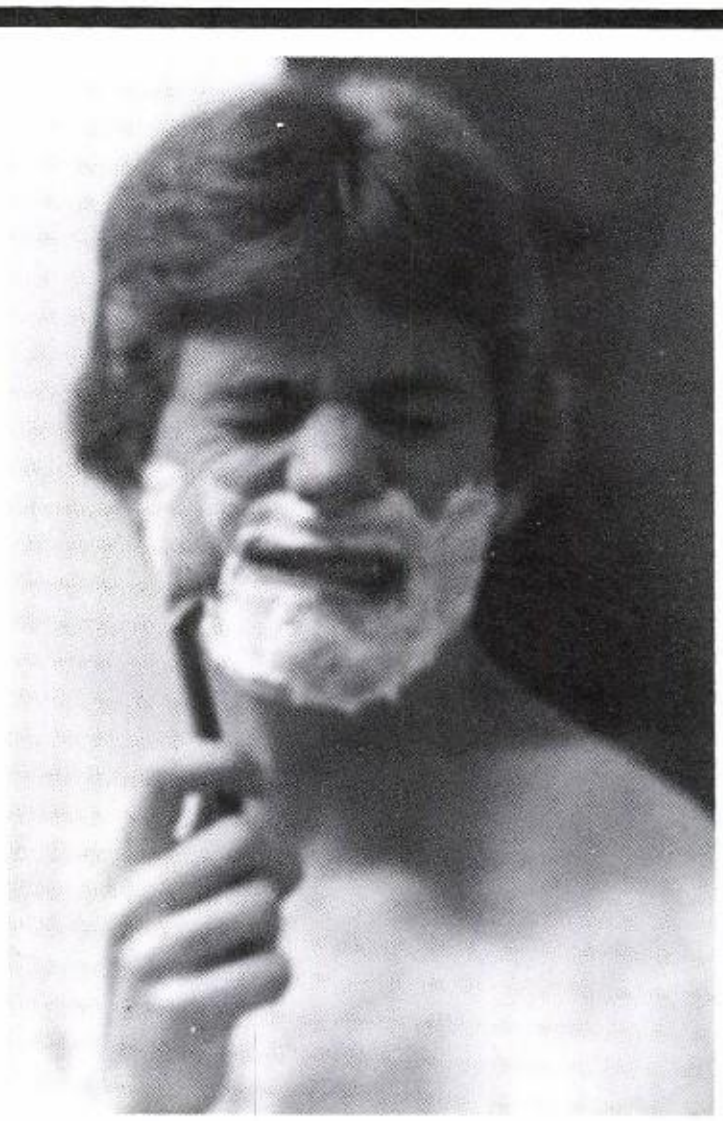
What Do You Do Before School?

Before school is a busy time for a lot of students. Some study in the library. The ROTC drill teams practice in the cold morning. Some just go through the halls talking with friends and teachers.

Students also enjoy going to the commons and meeting friends, or they meet in their favorite parking lot and listen to their car radio, waiting for the bell to ring and start off a new day.







Nobody Likes Monday Morning

The Monday morning blahs are common for Caprock students and faculty. Monday brings an active weekend to an end, and it is time to settle down and get to work.

Monday, we gather our strength and face the classes, teachers, reinstatements and unfinished homework.

Doc Lafavers doesn't seem ready to start his Monday morning.

Mrs. Eddra McPherson doesn't do anything without her Neil Diamond shirt.

Doing a favor for all his friends, Johnny London brushes his teeth.

Sherri Smith gets ready for a big day.

Laura Moulder starts her day with Cocoa Puffs.

"Gotcha!" Steve Goldsmith finds it hard to be careful this early in the morning.

Jeff,
Well, it has really been nice knowing you. I'm gonna miss you 'cause you were really nice to me the whole time I've known you. I really do appreciate. You're a real sweetie! Have fun after grad!
